

**WEST COAST BAPTIST COLLEGE**  
*Training Laborers for His Harvest*

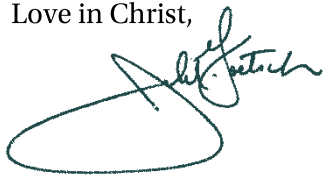

September 9, 2013

Dear Pastor,

What a joy to recommend to you Pastor Paul Conner. God has uniquely gifted and trained both him and his wife for the next step in His plan for their lives. Having been raised in a godly pastor's home, Brother Conner understands the challenges and blessings of the ministry. His athletic and academic background have given him a balance to life and ministry that will serve him well. He and his wife love the Lord and have demonstrated a love for people, and there is no question in my mind that God will use them greatly in His harvest.

Please consider getting behind these choice servants in your prayers and financial support. You and your church will be glad that you partnered with the Conners, and the rewards will benefit your eternal account.

Love in Christ,

Dr. John Goetsch  
Executive Vice President
