David P. Wiebe, Assistant Pastor

September 20, 2013

Dear Pastor,

I am thankful for the desire God has placed in the heart of Bro. Paul Conner and his wife Jeanette, to plant a new church in the great city of Vancouver, BC. Our metropolitan centres need churches to reach the dense populations that settle in them and that is exceptionally true in Vancouver.

Bro. Paul and his wife have worked alongside his father for the past several years at Greater Vancouver Baptist Church and have had a growing burden to reach that city with the gospel.

I have had the privilege of getting to know Bro. Conner on a personal level and have had several discussions regarding his passion for the city. I am thankful that young men like him see the difficult places as places of great potential for the glory of God to be evident in a gospel preaching church being established.

I hope you will support them prayerfully and financially as they begin this endeavor for Christ. They are already established in the city, but need some support for these early days of the new church plant.

If I can ever be a blessing to you, please know I would be honored.

For the Harvest,

A handwritten signature in black ink that reads "Robert E. Wall". The signature is written in a cursive style.
